The Barter Faire promotes commerce and lifestyles which are friendly to the Earth and her ecosystems which sustain us.

WHAT IS BARTERING?

Bartering builds community! Bartering is trading things of value between individuals, cash included. You can trade your time and skills, (childcare, gardening, plumbing, designing rain water catchments, etc.), craft work, (baskets, bead work, art, etc.), garden or wild produce, and useful items (seeds, books, toys, wood stoves, tools, etc.). Use your imagination – the possibilities are endless. Bartering promotes human interaction and interdependence, relying more on each other for our needs.
